All relevant sections of the form must be completed with evidence provided for the level that you are applying for. Otherwise, this could result in a delay to your application.

Application Tips

- Check all relevant documents are attached with your submission and hyperlinks provided are working correctly.
- Hyperlinks to the council's website must be to the exact evidence required. If this is not possible then include details of how the evidence can be found (i.e. menu, sub-menu etc).
- All published policies and documents must be tailored/personalised to the council.
- Check policies and procedures are not overdue for review. It is best practice to include a review date on all relevant documents and for Silver/Gold award levels the next review date must be included.
- If you are providing minutes as evidence, it is important you include the specific minute reference.
- For the Silver and Gold award levels, a more in-depth assessment will be undertaken of the evidence provided for the preceding award levels. For Gold in particular, the assessment panel will be looking for evidence of best practise throughout the application.
- A column has been provided on this form for any supporting comments you may have.
